Policy maintenance

This document is to be reviewed and updated as and when required by changing circumstances, with at least one review to be conducted every 24 months. Apart from minor revisions, all revisions to the policy must be submitted for consideration by the Policy Committee and approved by the Chief Executive Officer on the recommendation of the Executive. The need for Board approval will be determined by the Chief Executive Officer.

1. **Policy statement**

All complaints about the operations of the School Curriculum and Standards Authority (the Authority) will be addressed in a timely and effective manner and recorded in the HPRM Complaints Register.

2. **Scope**

2.1 All employees of the Authority have a responsibility to be aware of this document and the Authority’s commitment to satisfactory resolution of any complaint received.

2.2 Designated employees have additional, specified responsibilities with respect to the management of complaints.

3. **Background**

The Authority recognises that its goal of continuous improvement is linked to customer feedback, and acknowledges the right of customers (both schools and students/parents) to complain if they are dissatisfied with a product or service for which the Authority is responsible.

It is an aspiration of the Authority, in the normal course of business, to minimise complaints through:

- clarity of its published documentation of its role and operations;
- timely communication of changes/revisions to its role and operations, and to requirements and deadlines associated with its operations; and
- timely responses to matters of concern or initial complaints.

While the Authority seldom receives complaints that require a formal response, the Authority is required to have in place a complaints management system that conforms to the principles of the Australian Standard on Complaints Handling (AS ISO 10002).

The intention of this document is to clarify and promote awareness of the Authority’s requirements for the management of complaints about the Authority’s operations.
4. Key terms

In the context of the operations of the Authority, the following terms have the associated definitions.

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complainant</td>
<td>An individual who makes a complaint</td>
</tr>
<tr>
<td>Complaint</td>
<td>An expression of dissatisfaction which may be general in nature or relate to actions or behaviour of an employee, a part of the organisation, a policy or a decision. A complaint is sometimes used synonymously with the word ‘grievance’, though at other times, a complaint is said to be based on a ‘grievance’ which is considered to be grounds for a complaint. A complaint can generally be addressed at the time of being raised without the need for more involved consideration.</td>
</tr>
<tr>
<td>Formal complaint</td>
<td>A written complaint received by the Authority that is expressing dissatisfaction about the Authority products or services, or the complaints handling process itself, that need to be fully explained, examined, dealt with and finalised in the normal course of business through actions of the relevant officer.</td>
</tr>
<tr>
<td>Grievance</td>
<td>Grounds for a complaint.</td>
</tr>
<tr>
<td>HPE Records Manager</td>
<td>Hewlett Packard Records Manager (HPRM) is an electronic document and records management system that manages the Authority’s documents and records throughout the document life-cycle, from creation to destruction.</td>
</tr>
<tr>
<td>Investigation</td>
<td>The formal examination of a complaint by an authorised person/s.</td>
</tr>
<tr>
<td>Management of a complaint</td>
<td>Coordination all the processes involved in managing the complaint to its conclusion/resolution.</td>
</tr>
<tr>
<td>Record-keeping of Complaints</td>
<td>The Authority’s official record-keeping system located on HPRM supports the complaints-handling process. It consists of a Complaints Register and a filing system that is housed in a dedicated subfolder for each formal complaint received.</td>
</tr>
<tr>
<td>Unresolved complaint</td>
<td>A formal complaint that is undergoing the resolution process and where a decision has not been made.</td>
</tr>
</tbody>
</table>

5. Procedures

5.1 Initial receipt of complaint

5.1.1 In the normal course of business, an Authority officer receiving a verbal complaint will try to resolve the issue when it is first raised, without further need for more involved consideration.

5.1.2 If discussion does not satisfy the complainant, or an agreement cannot be negotiated, the staff member will suggest that the complainant may wish to consult with the officer’s superior or submit a formal complaint.

5.1.3 A complainant wishing to make a formal complaint will be advised that it must be submitted in the form of a letter or an email and this may be completed via the ‘Complaints’ link ([http://www.scsa.wa.edu.au/complaints](http://www.scsa.wa.edu.au/complaints)) provided on the front page of the Authority website, which leads to info@scsa.wa.edu.au).
5.1.4 A customer wishing to make a formal complaint is required to provide
- the name of the complainant
- provide a means of contact (address, phone number, email address)
- relate the complaint to a function of the agency (e.g. a complaint against a teacher would not be handled by the Authority)
- qualify the merit of the complaint in terms other than that of a personal opinion.

5.2 Processing of a formal complaint

5.2.1 The Principal Consultant, Policy and Planning responsible for complaint management will:
- create a dedicated subfolder within the complaint file for complaint management
- register the complaint in the HPRM management system by selecting the Complaint Register Record Type (see 5.3.1) and save the complaint document to the subfolder
- send an acknowledgement letter to complainant within five working days and save a copy of that communication into the subfolder
- send an email with the complaint attached (use the HPRM Records reference option) to the CEO and/or relevant Director/s summarising the complaint.

5.2.2 The CEO will nominate an officer to manage the complaint, and will send an email about the complaint (with HPRM Record reference included) to the officer.

5.2.3 The nominated officer will:
- investigate the substance of the complaint
- draft the response and save it to the subfolder, and
- email the response to the relevant Director/s for review and approval.

5.2.4 Once approval has been received from the Director or CEO, the nominated officer will email the approved draft response (with HPRM Record reference) to the Principal Consultant, Policy and Planning for referral, proof-reading and/or incorporation of any comments/feedback. Any changes requested by Principal Consultant, Policy and Planning must be authorised by the relevant Director.

5.2.5 The Principal Consultant, Policy and Planning will email the approved response to the CEO for approval and/or editing.

5.2.6 Once approval has been received from the CEO, the Principal Consultant, Policy and Planning will send the approved response letter to the complainant and save a PDF signed copy of the response as the latest version of the response document.

5.2.7 The CEO and/or relevant Director/s will manage any further interaction with the complainant.

---

1 Although similar in principle, it is understood that, for reasons of security and sensitivity, the Examination Services Directorate maintains its own procedures and database for the management of formal complaints.
**COMPLAINTS MANAGEMENT**

**Figure 1. Complaints Management process**

**Principal Consultant, Policy and Planning**
- creates a dedicated subfolder within the complaint file for complaint management
- registers the complaint in HPRM using the Complaint Register Record Type and save the complaint document to the subfolder
- sends an acknowledgement letter to complainant within five working days and saves it into subfolder
- sends an email with attached complaint (using HPRM records reference option) to the CEO and/or relevant Director/s summarising the complaint and causing a workflow to be initiated.

**CEO**
- nominates an appropriate officer to investigate the substance of the complaint and draft a response
- sends email about complaint (with HPRM record reference) to the nominated officer.

**Nominated Officer**
- investigates substance of complaint
- emails draft of response to the relevant Director/s for review and approval
- (when approved) emails approved draft response (with HPRM record reference) to Principal Consultant, Policy and Planning for referral, proof-reading and/or incorporation of any comments/feedback.

**Relevant Director/s**
- review, edit as required and approve

**Principal Consultant, Policy and Planning**
- proof-reads and incorporates any comments/feedback

**Principal Consultant, Policy and Planning**
- sends approved response letter to complainant
- saves PDF of signed document in subfolder

**CEO and/or Relevant Director/s**
- manage any further interaction with complainant

**Formal Complaint Submission (requirements)**
- Written format (letter, email, or entry via ‘complaints’ link on front page of SCSA website, leading to info@scsa.wa.edu.au)
- Complainant identified
- Contact details of complainant included
- Related to function of the Authority
5.3 Recordkeeping of complaints

5.3.1 Complaint register

- The Authority will maintain Complaint Register, which will
  - assist the Authority in identifying key risk areas
  - help eliminate the underlying causes of complaints through corrective actions, and
  - provide adequate data for audit purposes and the annual report.

- All complaints will be recorded on the Authority’s complaints register in HPRM by the Principal Consultant, Policy and Planning. The complaints are to be registered using the Complaint Register Record Type and assigned to the appropriate subfolder created especially for management of that complaint.
5.3.2 Filing system for complaint management

- At the beginning of each financial year, the Corporate Records Management team will create an electronic file for the management of complaints (e.g. CR0134 COMMUNITY RELATIONS – PUBLIC REACTION – Complaints – 2015/2016)
- Because the file that houses complaint documentation is electronic only, hard copy incoming correspondence, once captured on HPRM, must be forwarded to the Corporate Records Management team for further processing and storage purposes.
- The Principal Consultant, Policy and Planning will create an appropriate subfolder within the complaints electronic file for each complaint received.
- The subfolder must be adequately titled to enable efficient records retrieval, e.g. [Name of complainant] [Subject].

- Examples of records to be filed include, but are not restricted to, the following:
  - correspondence or email received with provided description of the issue of complaint
  - acknowledgment letter of complaint received forwarded to the complainant
  - records of discussion with the complainant, both via phone/face-to-face or electronic, in order to clarify or resolve the lodged complaint (e.g. Telephone Conversation Form 2010/10435), if applicable
  - supporting documents, if any
  - records of immediate action taken
  - records of investigation, including witness statements, if any, and
  - drafts and final written response sent to the complainant.
