# Student Registration Procedures Manual 2021

## **Section 4:** **Teacher registration file (Brightpath schools only)**

### Contents

- [Registration of teacher information](#)
- [Setting up an Excel database for teacher registration](#)
- [Teacher registration file \(THREG\)](#)
- [Saving data for SIRS](#)
- [Uploading data into SIRS](#)

Disclaimer: screenshots are for illustration purposes only. Any representations that show a date prior to 2021 should be treated as examples only. Representations that display new information have been updated.

## 4.1 Registration of teacher information

Schools using the Brightpath program are required to upload a teacher registration file (THREG) to SIRS. This information is necessary for Brightpath to create class lists for assessment purposes.

If this file cannot be generated by the database program in use by your school, an Excel spreadsheet will need to be created. More information about setting up an Excel database for teacher registration is available in the next section.

Note: the data in column BN (class identification) in the SRGDG file should be consistent with the information in column K (class identification) in the THREG file to ensure that student classes can be matched to the relevant teacher. This would be the student’s form, home class or room number, as appropriate to each school. **This should not be more than 20 characters in length.** If a teacher has a split class (e.g. Years 2/3), enter a row of information for each academic year, using the same class identification (e.g. room 14).

## 4.2 Setting up an Excel database for teacher registration

Schools that use Excel as their database to enter teacher registration information are required to lay out data in a specific format to ensure it can be uploaded into SIRS.

The screenshot below shows the correct format for all the required columns in Excel for the THREG file. For example, the **Record Type** is required in column A, the **Academic Year (of class)** is required in column B. One row of information must be provided for each class.

|   | A           | B                        | C             | D           | E             | F               | G                  | H            | I                          | J                                    | K                    |
|---|-------------|--------------------------|---------------|-------------|---------------|-----------------|--------------------|--------------|----------------------------|--------------------------------------|----------------------|
|   | Record Type | Academic Year (of class) | Calendar Year | School Code | Teacher Title | Teacher Surname | Teacher Given Name | TRBWA Number | Work Email Address         | Administration Rights for Brightpath | Class Identification |
| 1 | THREG       | 2                        | 2016          | 1234        | Miss          | Smith           | Sally-Ann          | 12345456     | SSmith@education.wa.edu.au | Y                                    | Year 2/3             |
| 3 | THREG       | 3                        | 2016          | 1234        | Miss          | Smith           | Sally-Ann          | 12345456     | SSmith@education.wa.edu.au | Y                                    | Year 2/3             |

The layout requirements for all columns in the SRGDG Excel database are specified in Table 4. Refer to the notes following Table 4 (under the heading **THREG column details**), which provide specific information requirements for each column.

Note: once the table has been formatted and data entered, the Excel document must be saved as a **.CSV** file or a **.SCSV** file before it can be uploaded into SIRS.

**Table 4: Section 4 – Excel format for teacher registration files**

| Column number | Column reference | Field name    | Comment  |
|---------------|------------------|---------------|--|
| 1             | A                | Record type   | THREG<br>Maximum field length = 5  |
| 2             | B                | Academic year | Mandatory<br>Maximum field length = 2<br>Must be K, PP or 01–06              |
| 3             | C                | Calendar year | Mandatory<br>Maximum field length = 4<br>Must be current year in yyyy format |

| Column number | Column reference | Field name                           | Comment  |
|---------------|------------------|--------------------------------------|--|
| 4             | D                | Provider code                        | Mandatory<br>Maximum field length = 10<br>Unique school code   |
| 5             | E                | Teacher title                        | Mandatory<br>Maximum field length = 10   |
| 6             | F                | Teacher family name                  | Mandatory<br>Maximum field length = 30   |
| 7             | G                | Teacher given name                   | Mandatory<br>Maximum field length = 30   |
| 8             | H                | Teacher registration number          | Mandatory<br>Issued by TRBWA<br>Maximum field length = 15<br>Must be a whole number  |
| 9             | I                | Work email address                   | Mandatory<br>Used for the User ID<br>Maximum field length = 100  |
| 10            | J                | Administration rights for Brightpath | Mandatory<br>Maximum field length = 1<br>Y or N  |
| 11            | K                | Class identification                 | Mandatory<br>This is the name to identify the teacher's major class group as specified by the provider (e.g. class ABC).<br>For a principal, deputy, or other support staff, use ADMIN.<br>Maximum field length = 20 |

### 4.2.1 THREG column details

One row of information must be provided for each teacher and each year group they are teaching.

#### Record type (Column A)

This is always going to be THREG for this type of file. THREG = teacher registration.

#### Academic year (Column B)

If the teacher is responsible for more than one academic year group, each one must be entered on a different row of the spreadsheet.

K = Kindergarten, PP = Pre-Primary, 1 = Year 1, 2 = Year 2, 3 = Year 3, 4 = Year 4, 5 = Year 5, 6 = Year 6 and any admin positions that encompass all year groups, e.g. principal, deputy principal, support, languages other than English (LOTE) etc.

#### Calendar year (Column C)

The current calendar year.

#### Provider code (Column D)

The four-digit school code. Note: a provider is a school or organisation authorised to offer the WACE.

#### Teacher title (Column E)

The title the teacher is known by, e.g. Mr, Mrs, Miss, Ms, Dr etc.

## Section 4: Teacher registration file (Brightpath schools only)

### Teacher family name (surname) (Column F)

This is the teacher's family name as registered with the TRBWA.

### Teacher given name (first name) (Column G)

This is the teacher's given name as registered with the TRBWA. Note: if their full name is registered with the TRBWA, it must be used here, e.g. Jennifer, not Jenny; David, not Dave.

### Teacher registration number (Column H)

The number issued by the TRBWA.

### Work email address (Column I)

This is required as a login for Brightpath.

### Administration rights for Brightpath (Column J)

Y or N – it is mandatory to inform Brightpath of who has administration rights.

### Class identification (Column K)

This is required to match with the class identifier of the student, to ensure class lists are correct. It could be a class number, name or other identifier. This is a 20-digit field.

## 4.3 Saving data for SIRS

Once all required information has been entered into a database, the data must be saved as a **.CSV** file or a **.SCSV** file before it can be uploaded into SIRS. Failure to save in this format will ultimately prevent the data from being uploaded into SIRS.

### 4.3.1 File naming

The file name convention is:

#### XXXXXSSSTTTY.csv

where **XXXXX** = record type, e.g. THREG

**SSSS** = the provider/school code, e.g. 1234

**TT** = S1, S2, Y1 for semester or year-long data

**YYY** = ALL for all teachers

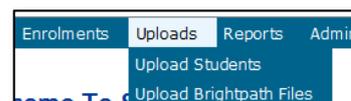

#### Example

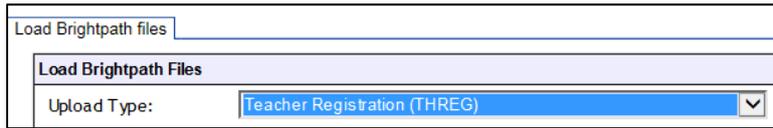

The file name of teacher registration for provider/school 5034 for all teachers would be **THREG5034Y1ALL.CSV**.

## 4.4 Uploading data into SIRS

Once data has been saved as a **.CSV** file or a **.SCSV** file, it can be uploaded into SIRS.

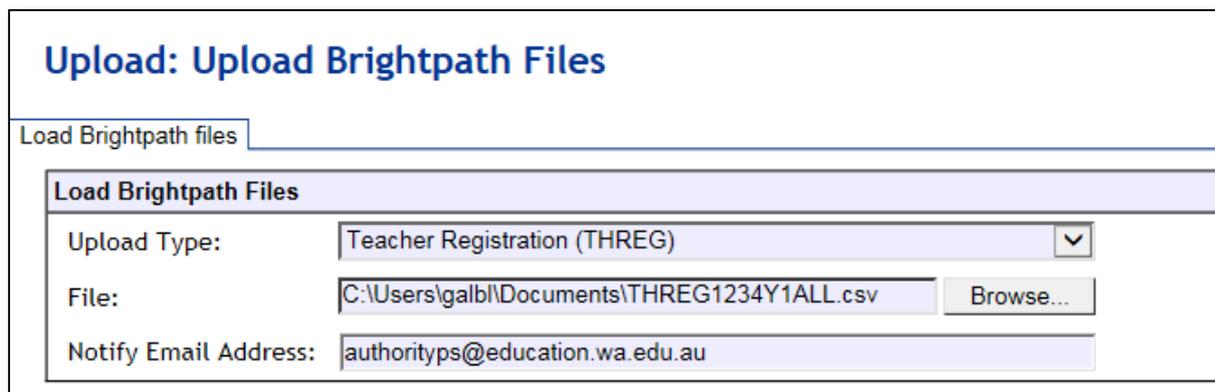

1. In the blue horizontal navigation bar, hover over the **Uploads** tab. The screenshot to the right shows the menu items that appear.
2. Click on **Upload Brightpath Files**. The **Load Brightpath Files** fields appear.
3. In **Upload Type**, select **Teacher Registration (THREG)** (see screenshot below.)

The screenshot shows a web form titled "Load Brightpath Files". It has a tab labeled "Load Brightpath files". Below the title bar, there is a dropdown menu for "Upload Type" which is currently set to "Teacher Registration (THREG)".

4. To locate the required file on your computer, click on the **Browse** button.
5. On a Windows operating system, the **Choose File** screen appears.
6. Navigate to the folder where the required file is stored.
7. Click on the required file.
8. Click **Open**. The drive, folders path and file name will appear in the **File** field (see example in the screenshot below).

The screenshot shows a web form titled "Upload: Upload Brightpath Files". It has a tab labeled "Load Brightpath files". Below the title bar, there is a dropdown menu for "Upload Type" set to "Teacher Registration (THREG)". Below that, there is a "File:" field containing the path "C:\Users\galb\Documents\THREG1234Y1ALL.csv" and a "Browse..." button. At the bottom, there is a "Notify Email Address:" field containing "authoritytps@education.wa.edu.au".

Note: the email address of the person uploading the file will automatically appear. SIRS will send an email message to this person to report the status of the upload.

9. Click **Upload File for Processing**, or you can click on the **Close** button to exit without continuing with the upload.
10. To check the progress of the upload, check in either your email inbox or in **Private Messages**, available from the home page of SIRS.

Note: for most **RTP/SIS Government schools** the export path will be **K:\keys\integris\outbox**.

#### 4.4.1 Email messages

Email messages are generated by SIRS and sent to the person uploading the file. These emails may have any of the following messages.

##### **Successfully verified**

The system will place the file in the queue for processing and you will receive another email regarding processing.

##### **Successfully processed**

The system has processed the file and there were no problems found.

##### **Processed with warnings**

This file has been processed, but the system has ignored certain records. Occasionally the warnings can be ignored, but some warnings must be dealt with if students' registrations and/or enrolments are affected.
