

Application for recording of enrolment and achievement of VET units of competency (delivered through VET credit transfer) VET qualifications – Year 8 and Year 9 students

School principals are required to seek permission from the Authority for Year 8 or Year 9 students to have VET achievements contribute towards the WACE.

Permission may be granted for VET units of competency/VET qualifications on the basis that these studies are part of a longer-term program where:

- students are in remote community schools where learning programs relate directly to the local industry; or
- students are accessing VET as part of an individual education program (IEP)

and

- a valid opportunity has been presented which supports an ongoing and coherent training pathway.

A signed declaration by the school principal is needed to ensure that, by offering the VET units of competency/VET qualifications, the school agrees to the condition that the enrolment and achievement data are submitted and verified in accordance with the Authority's published requirements.

The application form should be completed and returned to the Principal Consultant – VET, at the School Curriculum and Standards Authority, no later than **Thursday, 21 March 2019**.
