* 'Anomalous performers' are examination candidates whose raw examination mark is significantly lower than their school mark for a course. In the interest of accuracy, the examination marks of 'anomalous performers' at a school are not used to calculate the parameters which determine the moderated school marks at the school. From 2016 onwards, a student is classified as an 'anomalous performer' if the student has a provisionally moderated school mark which is two standard deviations below the mean difference of the moderated school marks and the examination marks.

Note: data recorded in this table for past years may differ from those previously published, due to ongoing confirmation of data resulting in changes after the date of initial publication.
