

VET and/or endorsed programs achievement (other than Year 12) declaration form – 2022

Before the School Curriculum and Standards Authority (the Authority) can accept the VET and endorsed program achievement data, the school principal must confirm that the relevant registered training organisations (RTOs) and endorsed program providers have provided written evidence of achievement and the data has been accurately uploaded to SIRS.

Forms of evidence

Acceptable forms of evidence include:

- a copy of the statement of attainment, record of results or qualification certificate issued by the RTO/s
- a certificate, award, examination report or academic transcript issued by other providers
- an emailed or faxed statement from the RTO/s or program provider that indicates the achievement for students.

To maintain the integrity of the WACE and the statement of results, it is important that the achievement data submitted to the Authority is accurate. Authority officers may carry out data integrity checks on this evidence.
